3. Skate park leaflet.

Tim Rees and Councilor Lyndon Jones had meet with the Skate park group relating to to the content and format of the leaflet and it's distribution. Also the leaflet should be unbiased . There was concern from the members of the public attending that a Police statement had been made which was not in accordance with the Police policy on such matters, but was a personnel opinion of one Police Officer and his comments should be impartial. Tim Rees and Lyndon Jones explained that they were not happy with the format and content of the leaflet and that the group should re-visit the proposals which may or may not be to the Councils approval. An issue rose relating to the distribution of the leaflet which was suggested could be included as a flyer in the Council's Newsletter. It was felt by the members of the public that to do that would indirectly show that the Council supported the proposal and it's preferred location, which is not the case, also the group wanted the Police officers statement included.

A full discussion took place regarding the Skate park in general and the Council's stance on this matter has not changed and is well documented in our minutes.
